Student Transportation of Eastern Ontario (STEO) recognizes that students of joint custody parents may require special consideration regarding their transportation needs.

The guidelines followed by STEO regarding Family Accommodation Request for Transportation involving joint custody families are as follows:

- When both transportation addresses are within the same school of attendance catchment area, transportation is set up with a set weekly schedule. The primary address will follow the Member School Boards' Walking Distance from Home to Bus Stop. The student may be required to walk to an existing stop for the secondary address.

It is the ultimate responsibility of the parent or guardian to ensure that the student boards the proper bus and disembarks at the proper stop.

Additional costs will be the sole responsibility of the individual Board.
