

Bus Safety Activity Sheet

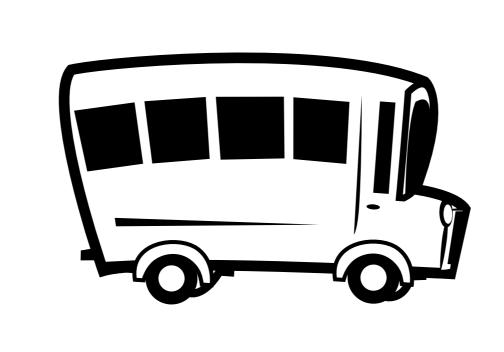

STEO hopes that all students enjoy a safe and comfortable ride to and from school each day. Be a kind fellow passenger, be safe and have fun!

Here are some things to remember:

- O Always remain in clear view of the bus driver.
- O Wait for the bus 10 giant steps back from the curb.
- O Never reach underneath the bus and do not walk or play behind the vehicle.
- Get to the bus stop in plenty of time to avoid the need for rushing.

This bus has to follow a pretty tricky route to get all the kids to school. Can you help the bus find its way to the school?

FINISH!

Bus Safety Activity Sheet

Just a few more things to remember:

- o If you must cross the road after getting off the bus, use the 10 GIANT STEPS as a guide to take you out of the DANGER ZONE at the front of the bus.
- O Walk up or down the steps, one at a time, using the hand rail.
- O Be alert to traffic, listen and look both ways.

How many intersections will this school bus go through on the way to school? Each intersection has one traffic light and two road signs. Grouping three items together, you will discover the total number of intersections.
